These instructions will show you how to make an easy origami parrot. If you're new to paper folding we recommend that you take a minute to review our Beginner's Guide which will teach you all the basic techniques and skills.

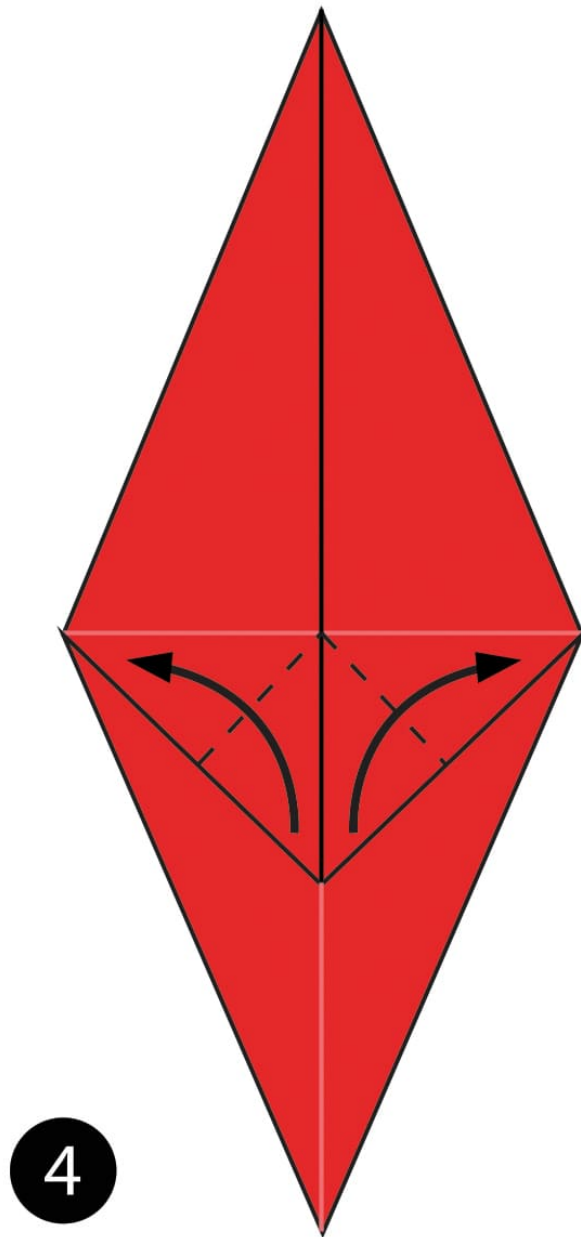

**Step 1)** Fold the paper in half and unfold it. Then fold both sides in to the centre and then unfold them.

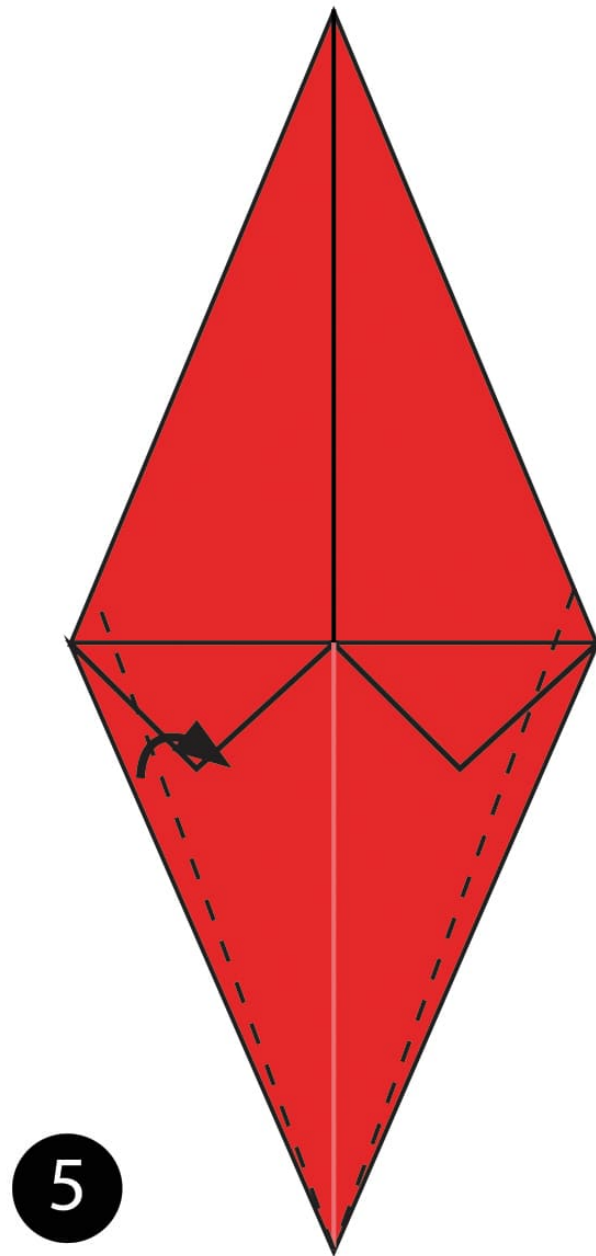

**Step 2)** Fold both sides in to the centre along the dotted lines.

**3**

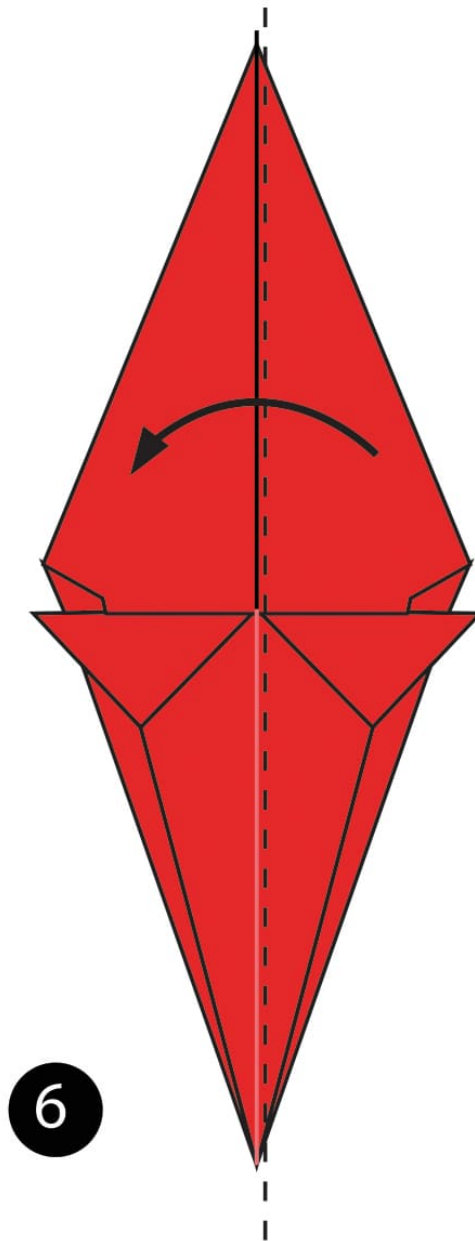

**Step 3)** Make a Rabbit Ear Fold on each side resulting in a Fish Base.

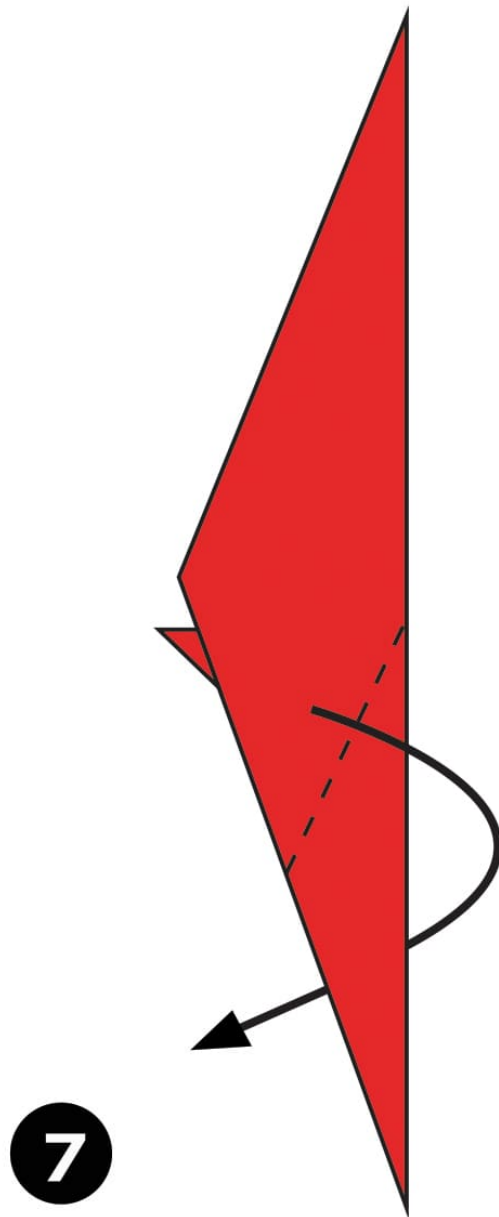

**Step 4)** Fold the flaps out along the dotted lines.

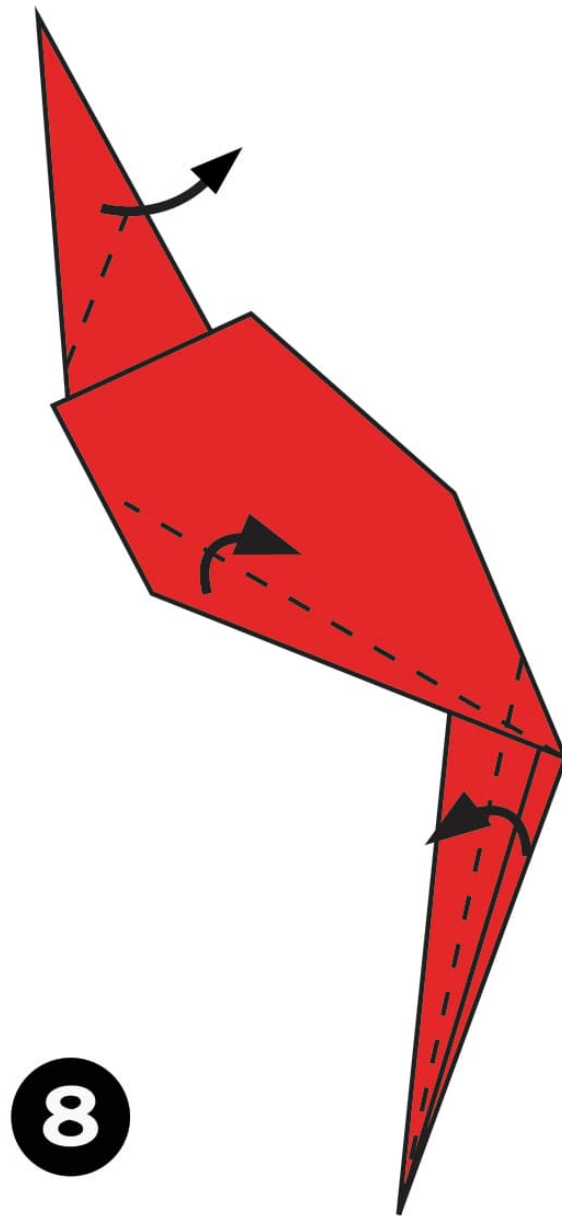

**Step 5)** Fold both sides in along the dotted lines.

**Step 6)** Fold the model in half.

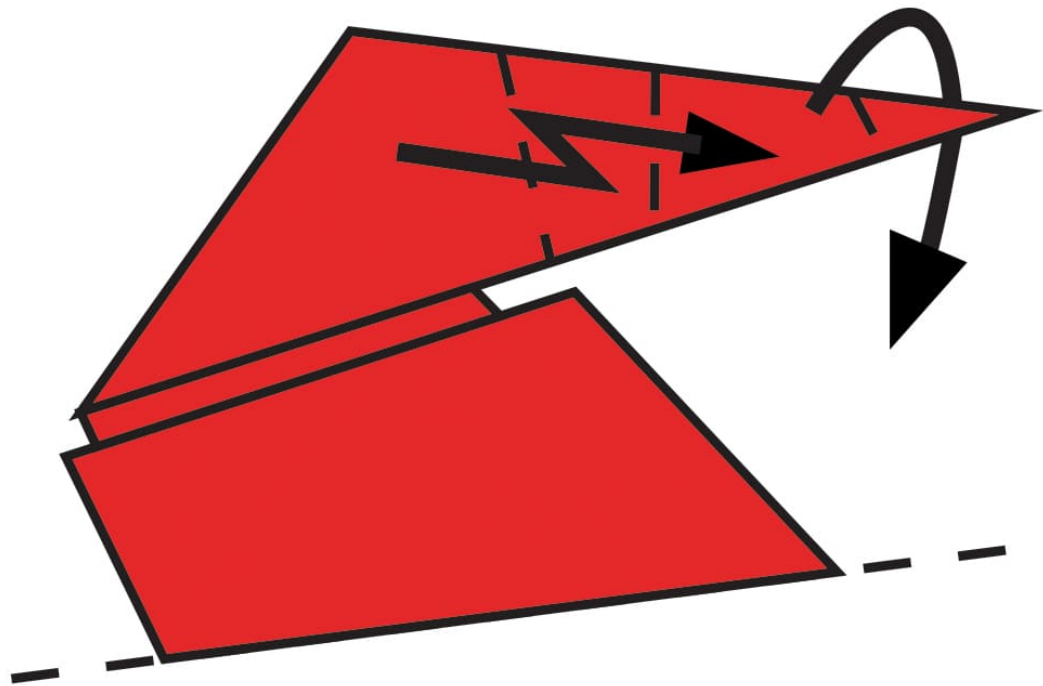

**Step 7)** Fold the paper behind along the dotted line.

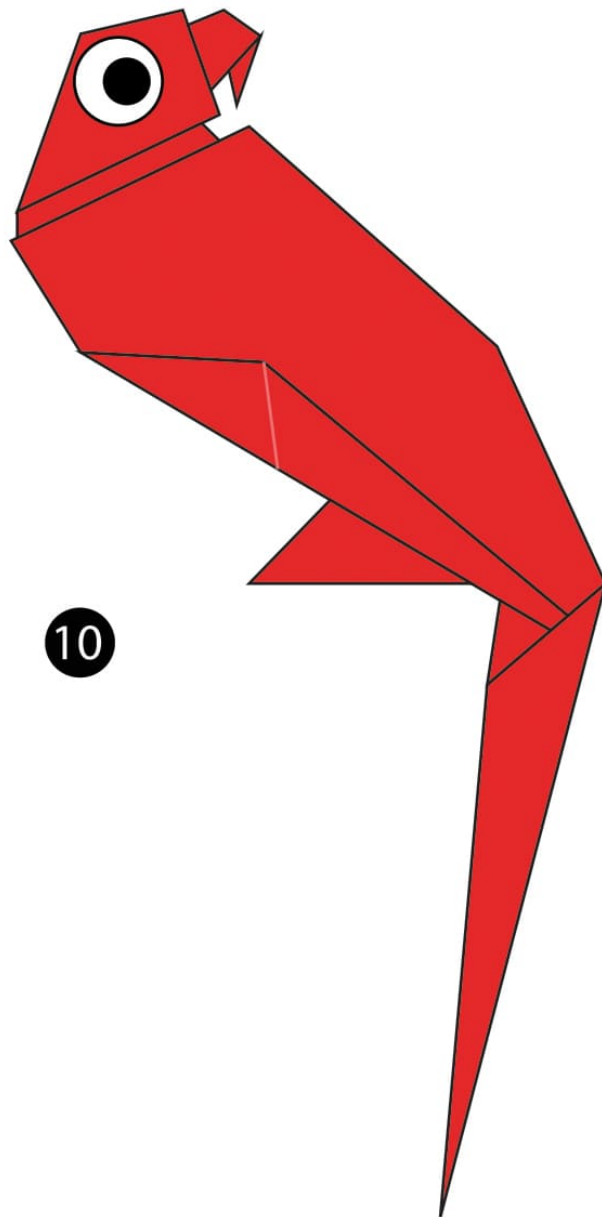

**Step 8)** Make 3 folds along the 3 dotted lines.

9

**Step 9)** Make a Pleat Fold and then one more fold at the tip of the beak.
